

## PACKAGED SYSTEMS

### BOILERS

Primary and Secondary boiler packages, less energy required to move water through the entire system

### RAIN WATER SYSTEMS

Collects rainwater to reduce the flow of stormwater to prevent urban flooding.

### SEMI-INSTANTANEOUS WATER HEATER

Steam and water systems, both offered in Simplex, Duplex, Triplex and Quadplex Units

### CONDENSATE UNIT

Pumps condensate waste that is produced in a heating/cooling system, refrigeration, condensing boiler furnace & steam heating system

### HEAT EXCHANGERS

Moves thermal energy from one place to another. Offered in multiple designs, Plated and Frames, Shell and Tube, and Braze

### STORAGE TANKS

Bladder, Backup, HVAC, Steel & Custom tanks offered

## ADVANTAGES OF PACKAGE SYSTEMS

Cost Savings

Factory assembled, wired and tested complete

No surplus or extra components left after fabrication by the contractor

Easily add more modules for future expansion

Assembly within controlled environment by certified technicians

Avoid unpleasant site safety incidents

Longest factory warranties in the business

One single invoice/payment for all works

Skid built in parallel during building construction saves time

# WILLIAMSON

## PACKAGED SYSTEMS

### WATER BOOSTER

Increases pressure inside the system to accelerate the flow of liquids. Offered in Simplex, Duplex, Triplex & Quadruplex units

### SUBMERSIBLE/BASIN

Energy Effluent pumps. Prevents pumps cavitation with a variety of sizes offered in pumps, control panels, and covers. Effluent, Sewage, Grinder & Chopper pump options offered

### GLYCOL

Automatically supplies a water/glycol mixture to ensure that minimum system pressure levels are maintained

### FUEL OIL

Designed for pumping moderately aggressive liquids. Offered for a wide range of flow rates and pressure

### BOILER FEED

Used to pump condensate and make-up water directly into boiler

## CUSTOM PACKAGES

Williamson customizes designs and fabricates custom packages tailored to your specific requirements, including; equipment from manufacturers of your choice, pumps, motors VFD, buildings & more.
